Clintar Barrie Cleans Up On Landscaping Management Awards

November 24, 2010 – Barrie, Ontario

Barrie, ON – During last month's annual Franchise Performance Awards, Clintar Landscaping Management honoured its Barrie location with numerous awards, including the top honour of *Franchise of the Year*. Clintar Barrie received a grand total of five awards throughout the night.

As the well-deserved 2010 Franchise of the Year, Clintar Barrie was also the recipient of some of the most prestigious awards of the night. The franchise earned the *Top Performer in the Ontario Region Award*, which not only recognizes financial performance, but involvement in the community, customer satisfaction and the success of day-to-day operations. "It's a great honour to be named Franchise of the Year and Ontario's Top Performer," says franchise owner, Pat Hester, "we are extremely proud of our team and the work we do."

Only eight franchises were awarded the coveted *President's Circle Award*. Clintar Barrie earned this honour for scoring in the top percentile in a comprehensive Professional Business Standard review.

Clintar Barrie also received the *Excellence in Business Administration* and the *Highest Achievement in Health and Safety Awards* for their above standard day-to-day business practices and customer service as well as for having superior HR and accounting departments. "We pride ourselves on our work, inside and outside of the office. We're only happy when our clients are." says Hester.

While Hester has been in the landscaping business since 1995, he joined the Clintar family four years ago. "We have the same business goals and work ethic. I truly believed that becoming a Clintar franchisee would help me take my business to the next level," explains Hester. "Obviously, it's been a great experience!"

Built on a heritage spanning more than 35 years, Clintar Landscape Management is focused on providing the best in landscape management services to corporations, HOA's (Home Owner Associations), and private residential properties throughout North America.
